Angelo Bertolotti,

CASE NO.

Plaintiff

**COMPLAINT FOR RELEASE OF
SPECIMENS OF BRITTANY ANNE
MURPHY-MONJACK TO
PLAINTIFF FOR INDEPENDENT
TESTING**

vs.

Los Angeles Coroner's Office,
Los Angeles Police Department,

Defendant

INTRODUCTION

Plaintiff Angelo Bertolotti is the natural father of deceased Brittany Anne
Murphy-Monjack, who expired under suspicious circumstances at the age of 32
years old on December 20, 2009. (See attached Exhibit '1' – Death Certificate of
the decedent Brittany Anne Murphy-Monjack). Since the time of death of the
Plaintiff's daughter, Brittany Anne Murphy-Monjack, Plaintiff exhausted all
extrajudicial means of ensuring that his daughter's death is finally and fully
investigated. In spite of his efforts, to date there has been no investigation, none
the potential witnesses and/or persons of interest have been questioned and only
very basic autopsy procedures/toxicology testing has been performed.

1 Medical precedents exist where the death caused by arsenic poisoning was
2 erroneously misdiagnosed as a death from natural causes – namely, pneumonia and
3 anemia (See Exhibit '2' – *Medical Case Reports – "Chronic Arsenic Poisoning*
4 *Masquerading as Pernicious Anemia"*,

5 Exhibit '3' – *Medical Case Reports – "Death from Arsenic Poisoning*
6 *Incorrectly Ruled to have been caused by Pneumonia"*).

7 Officials heading the case from the Los Angeles Coroner's Office and the Los
8 Angeles Police Department have failed to conduct toxicology tests on the hair of
9 Brittany Anne Murphy-Monjack and refused to ever test her hair and other
10 specimens for any poisons, toxins or heavy metals, as Plaintiff repeatedly requested.

11 Therefore, the only remaining venue that would allow decedent's father to
12 determine a true cause of his daughter's death requires a court order for release of
13 specimens of Brittany Anne Murphy-Monjack to the independent laboratory of
14 Plaintiff's choosing to conduct any and all remaining toxicology and/or any other
15 outstanding tests.

16 CONCLUSION

17
18 Plaintiff therefore prays for this court to issue a court order, ordering
19 immediate release of the specimens of Brittany Anne Murphy-Monjack (including
20 but not limited to the following specimens collected by the Supervising Criminalist
21 II D. Anderson and LAPD Detective Berndt at the Forensic Science Center (FSC)
22 on December 21, 2009 which commenced at 0847 hours and concluded at 0935
23 hours on December 21, 2009:

- 24 ● Hair kit
25 ○ Head hair
26 ○ Bindle of decedent's natural hair
27 ○ Bindle of hair from a weave/extension

8. Both agencies admitted that toxicology tests were not performed on the hair of Brittany Anne Murphy-Monjack, but refused to ever test her hair and other specimens for any poisons, toxins or heavy metals, in spite of my repeated requests.
9. The Los Angeles Coroner's Office and Los Angeles Police Department intended to destroy decedent's specimens, including but not limited to her hair, even though they were not fully and appropriately tested.
10. I made a payment and officially secured the preservation of my daughter's specimens for 5 years.
11. Due to the lack of investigative efforts by the Los Angeles Police Department (LAPD) and the failure to conduct toxicology tests on the specimens of the decedent Brittany Anne Murphy-Monjack by the Los Angeles County Coroner's Office and the LAPD, I am informed and on the basis of that information believe that my daughter's death was incorrectly determined to have been allegedly caused by pneumonia and anemia.
12. The only remaining venue that would allow me to determine a true cause of my daughter's death is to obtain a court order for release of specimens of Brittany Anne Murphy-Monjack to the independent laboratory of my choosing to conduct any and all remaining toxicology and/or any other outstanding tests. I hereby pray that the Court grant me such a court order.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

Dated: January 11, 2012

Respectfully submitted,

Angelo Bertolotti, Plaintiff In Pro Per
